INTRODUCTION TO ARIDE

To attend the ARIDE course, the student must be a sworn law enforcement officer certified in Standardized Field Sobriety Testing (SFST) or a prosecutor responsible for the detection, arrest, and prosecution of DWI drivers. The SFST curriculum trains officers to identify and assess drivers suspected of being under the influence of alcohol while the Drug Evaluation and Classification (DEC) Program provides more advanced training to evaluate suspected drug impairment. ARIDE is intended to bridge the gap between these two programs by providing officers with enhanced knowledge related to drug impairment and by promoting the use of Drug Recognition Experts (DRE) in states that have the DEC Program. One of the more significant aspects of ARIDE is its review and required student demonstration of the SFST proficiency requirements.

WHO CAN TAKE THE ARIDE COURSE

In order to participate in the ARIDE distance learning course, law enforcement officers must have successfully completed a NHTSA/IACP Standardized Field Sobriety Testing course. In addition, in order to gain access to the online course officers must successfully complete an SFST proficiency test in the presence of a NHTSA/IACP SFST or DRE Instructor.

Students must be a State Certified or Commissioned law enforcement officer proficient in SFST and/or prosecutor responsible for the detection, arrest, and prosecution of DWI drivers. Officers and Prosecutors selected to attend this training should be aware of the hazards caused by impaired drivers, motivated to arrest and prosecute impaired drivers, and their duty assignments must enable them to spend the time required to process DWI offenders.

ARIDE COURSE CONTENT

[Lesson 1 - Introduction and Overview of Drugs and Highway Safety](#)

[Lesson 2 - SFST Review and Other Roadside Tests](#)

[Lesson 3 - Drug Categories and the Human Body](#)

[Lesson 4 - Pre and Post Arrest Procedures](#)

The image shows a web browser window displaying the registration page for the Transportation Safety Institute. The page header includes the United States Department of Transportation logo and the text "OFFICE OF THE ASSISTANT SECRETARY FOR RESEARCH AND TECHNOLOGY Transportation Safety Institute". The registration form contains the following fields: First Name, Last Name, Email Address, Region/Cost Center (with a dropdown menu), Username, New password, and Confirm password. Below the form, there are several password requirements listed in small text. At the bottom of the form, there are links for "Already a user? Login here" and "Return to Browing? Click here". A CAPTCHA image is displayed, showing a license plate with the number "3262" and a text input field labeled "Type the text". Below the CAPTCHA are "Cancel" and "Login" buttons. Three red callout boxes with numbers 1, 2, and 3 are overlaid on the page. Callout 1 points to the registration form fields with the text "Fill out required registration information." Callout 2 points to the CAPTCHA input field with the text "Enter CAPTCHA". Callout 3 points to the "Login" button with the text "Click 'Login'".
